I – SOCIAL AWARENESS ACTIVITIES

- ✓ Continuation of the awareness generating activities for the population living in the areas targeted by the agency's projects;
- ✓ Continuation of the dialogue with the local partners so as to answer better to their needs.

Four New Projects in 2015

- **I. Emergency Help to the Yemeni refugees**

Funding: African Development Bank

Budget: 1 Million USD

The outbreak of the political crisis in Yemen in Mars 2015 caused a massive influx of refugees on Djiboutian soil.

- **II. Support for the realization of economic infrastructures and promotion of economic activities for the country's interior regions**

Funding: African Development Bank

Budget: 11 Million USD

The general objective of this project is to improve the living conditions of the inhabitants of the interior regions, to promote inclusion and equality between the sexes.

- **III. Reforming the management of the refugee displacements in Djibouti**

Funding: World Bank

Budget: 15 Million USD

Displaced people apply a strong pressure on host populations and their resources. The main objectives of the project are:

- Improve the refugees' access to social services
- Extend economic opportunities
- Improve the environment management capacities of host communities and displaced people in target areas of Djibouti

The project will deal with the needs of host communities around the refugee camps of Ali-Addeh, Hol-Holl and Balbala.

- **IV. Employment and handicraft promotion for the Youth**

Funding: World Bank, Japan Self-Defense Forces

Budget: 2.7 Million USD

The objective of the project is to improve:

- The access to practical skills by training
- The access to business financing for 3000 youth and women with little or no qualifications. The target beneficiaries will be selected from the areas of Djibouti-city, Arta, Tadjourah and Ali-Sabieh.
